

DON'T LET YOUR YARD TRIMMINGS TO GO WASTE!

Advanced Disposal offers yard waste curbside pick-up in most communities. Call our office to learn more about how you can recycle your yard waste.

TURN YOUR TRASH INTO TREASURE.

We are now offering a rewards program for frequent customers. It's entirely complimentary to join, and you could receive special offers and gifts just for being a member. Take advantage of the special opportunities and discounts the rewards program has to offer. Stop in and ask a representative about how you can get registered today!

DON'T GET DUMPED ON.

We feature a wide range of solid waste and recycling containers to meet your disposal needs. Whether you are a business needing regular collection or just cleaning out the garage, we'll get you the right size container at the right price.

WESTON TRANSFER STATION

WHAT IS A TRANSFER STATION?

A transfer station is an approved facility where commercial, residential and industrial waste from internal and external clients is consolidated together. From there, the waste is hauled to a properly permitted landfill.

But Advanced Disposal's transfer stations are so much more. They are an important and fundamental part of effective waste management, ensuring that waste is transferred in a clean, secure and cost-effective manner.

By combining loads of several individual waste collection trucks into a single shipment, communities can save money on the labor and operating costs of transporting the waste to a distant disposal site. This efficient way of transporting waste not only reduces truck miles on the roads but also the associated vehicle emissions that correspond to these extra truck trips.

It's easy! Just bring your items to our transfer station during normal business hours. No special packaging is required. We accept Visa, Master Card, American Express, checks or cash for items that require additional drop-off fees.
